

Finally, Pediatric Care That Works Around Your Schedule. Now Open.

When your child is sick on weekends or evenings, there is a low co-pay alternative to Hospital ERs and Urgent Care Centers.

When it's not an emergency, but you still need pediatric care, you can walk in and be seen by our pediatricians. Your co-pay will always be less than what you are charged for an urgent care or ER visit.

TOP 6 Reasons To Visit Pediatric Care Now

1. Affordable Care

Your co-pay will always be less than when visiting an urgent care center or ER. Pediatric Care Now is the only facility for children in the south metro area that provides after hours pediatric care for the lower co-pay amounts normally paid at their primary care physician or specialist's clinic.

2. Quality Care

All of our providers are board-eligible/board-certified pediatricians. Our nurses are seasoned caregivers of infants and children.

3. Convenient Care

We are open weeknights and weekends, perfect for families when a child becomes ill after hours or for whom regular business hours don't work.

4. Comprehensive Care

Our clinic functions as a pediatric clinic. We will take care of all the illnesses and injuries that your primary care physician does - except after hours.

5. Communication

Patients should always try to be seen by their primary care physician to maintain their continuity of care. However, should a visit to Pediatric Care Now become necessary, we will fax a copy of the encounter to your child's doctor.

6. Location, location, location

We are just off C-470 on Quebec, one block south and beside the King Soopers in the Highlands Ranch Medical Pavilion – a quick drive from anywhere in the south metro area.
